### **FAMILY MEDICAL SERVICES INCREASED FOR WOLFE ISLAND RESIDENTS**

Kingston, ON – The Kingston Economic Development Corporation and the Wolfe Island Medical Board are pleased to welcome Dr. Deanna Daneshmend to her new practice at the Wolfe Island Community Medical Clinic.

Dr. Daneshmend will be at the Wolfe Island Community Medical Clinic one half-day per week on Tuesdays with clinics normally starting at 2:40 PM (ferry permitting). Dr. Daneshmend's schedule will be managed on an appointment basis. Walk-in patients can be seen only if absolutely necessary, but appointments are strongly encouraged and preferred (and will prevent lengthy waits for those wanting to see the doctor). Any Wolfe Island residents who do not currently have a family doctor are encouraged to make an appointment with Dr. Daneshmend during one of her regularly scheduled Tuesday clinics.

Dr. Daneshmend's main medical practice with the Kingston Family Health Team is in Kingston at 401 - 800 Princess Street. Appointments for her Wolfe Island clinic can be made by calling the office at 613-650-5471 during the following hours: 9am-11:30am and 1pm-4:30pm on Mondays, Wednesdays, and Thursdays; and from 9am-11:30am on Tuesdays (the Kingston office is closed Tuesday afternoons and all day Friday). When scheduling your appointment, please indicate your preference to see Dr. Daneshmend at the Wolfe Island clinic to ensure that you are scheduled in the right place.

For Wolfe Island residents who already have their own family doctor, you should continue to see your own doctor. The clinic that Dr. Daneshmend is providing is for Wolfe Island residents who do not currently have access to a family doctor. If you are experiencing an urgent, non-life-threatening medical problem and you are unable to get an appointment with your own family doctor and you are unable to attend your doctor's after-hours clinic, it may be possible to be seen by Dr. Daneshmend at the Wolfe Island site. However, it is expected that you see your own family doctor for ongoing health care.
